on the principle of ejus dem generis other public institutions may be interpreted to mean institutions similar to those enumerated in the Section viz, hospitals, rest houses etc,

The Pinjrapole in question is a public institution started with a laudable object of giving relief to the decrepit animals with a Veterinary Supt taking care of the animals.

I am therefore inclined to the view that the funds of the B.D. may be utilized for helping the institution in question.

These Pinjrapoles are of course most inhuman with its inmates. The money goes to feed the cattle. The cattle are allowed to die. Shifts that purpose. Pinjrapole, because its doors are closed to entrance forms and exit of animals

Letter No.506 dated the 16th August 27 from the Private Secretary to His Highness the Maharaja of Mysore and Vice President, the Mysore Pinjrapole Society, Mysore to the President, District Board, Mysore.

I have the honour at the instance of the Committee of the Pinjrapole Society to ask you to be good enough to lay before the District Board a request for an annual donation from the funds of the District Board towards the working of the Society.

The Committee feel that, in providing a place of refuge for decrepit animals as well as a hole of rest for those that , while not decrepit, are yet unfit for temporary causes for work, they are performing a public service, the cost of which, if it were not undertaken by voluntary agency would fall upon the rate payers, and they trust that the members of the District Board will feel that the service is one which may legitimately be heldped out of the District Board funds.

At the same time, the Committee find themselves in great difficulty for want of funds to conduct the duties which they have undertaken on such a scale as to be sure that all the animals which are entrusted to their care are really kept above the starvation line. Consequently they are anxious to adopt any means possible to increase the income of the society.
